Golden 79

79th Senior Staff Course

Editorial

Golden 79 is a humble effort of the participants of 79th Senior Staff Course to recollect our sweet memories of the course. Revisiting the BPATC and having a communion with its beautiful green nature and intellectual warmth seem to be something that most of the participants relish for long time. Our interaction during last forty five days in the BPATC will be carried forwarded for time immemorial. We enjoyed every moment of our stay either in classroom or in playground at BPATC. So, publication of the Golden 79 is a memento of 79th Senior Staff Course to hold our hearty memories for long.

We would like to convey our heartfelt thanks to the respected Rector Mr. A.L.M. Abdur Rahman ndc and Course Management Team through our Course Director Dr. RizwanKhair for their continuous support in completing the course as well as publication of this souvenir. I am also thankful to members of Souvenir Sub-Committee and especially all the participants for their relentless support in publishing this souvenir Golden 79 within a short period of time.

This souvenir would perhaps bear some sign of haste, as setting aside some time out of our busy schedule for this souvenir. So, apology in advance for any error or omission. Wherever we remain in the future, this souvenir will help to keep us remember the good old memories of the esteemed course.

Rector's Message

It is an immense pleasure for me to know that the participants of the 79th Senior Staff Course (SSC) are going to publish a souvenir "Golden 79" to cherish their sweet memories of 45 days stay at BPATC.

The Course, commenced from 18 December 2016 with the participation of 27 senior civil servants and 2 equivalent officers from defence services, having the theme "Citizen Centered Governance". As a core course, it focused on establishing Good Governance, Transparency, Accountability, Efficiency and Effectiveness in Civil Service. This Course readily offered them a unique opportunity to be united under the same roof to share their experience, to debate on development discourse, to work on negotiation techniques and to hone their skills on policy analysis using various policy management toolkits. Apart from this, they have also participated in sports and extra-curricular activities.

I strongly believe that these trained senior officials would be more capable to promote and foster innovation and best practices at their respective work places. I appreciate their devoted effort, creative thinking and sincere commitment to make this course meaningful in all respects.

I convey my heartfelt thanks to the participants for publishing this aesthetic and colourful souvenir. I wish them great success in professional as well as personal life.

A.L.M. Abdur Rahman ndc
Rector BPATC

Message from Course Director

I am really delighted to note that the participants of 79 Senior Staff Course (SSC) is going to bring out a souvenir- "Golden 79" during their brief stay at BPATC. This is indeed an excellent enterprise to show case their team spirit, creativity and leadership qualities in midst of their tight academic schedule.

The SSC is designed for the personal and professional development of the senior policy level officers of the Republic to refresh and broaden their knowledge, equip them with new skills and sharpen their analytical abilities for more evidenced based policy making for the nation. I hope that these experienced officers will now better serve our country by providing viable policy options and decisions, which will effectively serve our motherland in its journey to a middle income country by 2021.

I appreciate their attempt to increase their experience, skills and knowledge during their stay in this centre. In this context, this souvenir will archive their memories and facilitate in developing a network amongst them for future co-operation while performing their duties as public servants.

I pray for continued success of the participants in their personal as well as professional life and wish them all the best in their future endeavours.

A handwritten signature in black ink, appearing to read 'Rizwan Khair'.

Dr. Rizwan Khair

Bangladesh Public Administration Training Centre

Buzzwords for Policy Review Report

Md. Zafar Alam

Joint Secretary

Member, Chittagong Port Authority

The Senior Staff Course is one of the Synchronized management capacity development courses of BPATC. Total twenty nine participants joined in 79th batch of this course on 18th December of 2016. The course is all along interesting and have Catalogued Logistical Programming. One of the interesting modules of this course is policy analysis and National Policy Review. This module burns extra candles of the participants almost every night to make Systematized Policy Projection for the country with the ambition that country will get Integrated Transitional Options. These Responsive Third-generation Programming will lead the country in a Functional Digital Time-phase status. Isn't a interesting? Yes, interesting, because the use of Buzzwords makes it interesting.

American public servant, Philip Broughton, has created what he called a Systematic Buzz Phrase Projector. The system employs a lexicon of 30 carefully chosen "buzzwords". The procedures are simple. Thinks of any three-digit number, and then select the corresponding buzzword from each column. For example choose 257 from three columns and that stands for "systematized logistical projection" a phrase that can be dropped in any report (say Policy review report of BPATC). Broughton says: "No one will have the remotest idea of what you're talking about but the important thing is that no one is about to admit it". This will really make you intelligent and smart through Balanced Monitored Procedure.

	COLUMN 1		COLUMN 2		COLUMN 3
0	Integrated	0	Management	0	Option
1	Total	1	Organizational	1	Flexibility
2	Systematized	2	Monitored	2	Capability
3	Parallel	3	Reciprocal	3	Mobility
4	Functional	4	Digital	4	Programming
5	Responsive	5	Logistical	5	Concept
6	Optional	6	Transitional	6	Time-phase
7	Synchronized	7	Incremental	7	Projection
8	Compatible	8	Third-generation	8	Hardware
9	Balanced	9	Third-generation	9	Contingency
10	Catalogued	10	Policy	10	Procedures

স্বর্গ হতে পতন

ড. মহিউদ্দীন আহমেদ

আমি তোমাকে কল্পনা করেছি স্বর্গের অঙ্গরূপে
অপরূপ উদ্যানের অলৌকিক পুষ্প-পল্লবে ঘেরা
পবিত্র জলের অনিন্দ এক নহরের পাশে,
শুভ্র কোন মায়াবী পোষাকে।
তোমার পবিত্র স্বচ্ছ শরীর ভেদ করেছিল-
পরাসম্ভব এক অতুল আলোকরশ্মি।
আমি নতজানু ছিলাম তোমার প্রার্থনায়,
হাজারো বছর ধ্যানমগ্ন কোন প্রাচীন মুনির মত
এভাবেই কেটে গেল যুগ-যুগান্তর,
অসংখ্য আলোকবর্ষ, ঠিক একটি মহাকালের সমান দৈর্ঘ্যে।
অতঃপর আদি পিতার মতই ছায়া শত্রুর কুমন্ত্রনায়
হঠাৎই ধ্যানভঙ্গ হল
পাপিষ্ঠ আমি তোমাকে কামনা করে বসলাম
তোমার ওষ্ঠ থেকে বিভক্ত বক্ষদেশ
আর মসূন নাভিমূল হয়ে নিষিদ্ধ আনন্দলোক পর্যন্ত
মহানুভব আমায় শুনলেন
স্বর্গের উদ্যান হতে নেমে এলে তুমি
তোমার অঙ্গরূপ
শুভ্রপোষাক ও
পবিত্র স্বচ্ছ শরীর ছেড়ে
অতি সাধারণ এক মানবীয় ক্লেদাক্ত সংস্করণে

Reminiscence of BPATC

M. Mahmudul Hassan

Colonel, Bangladesh Army

Tin many a time I have heard lot of appreciation about BPATC. Every time I used to pass this institution along Dhaka-Savar road I thought it must have been a beautiful place. I did never think that someday I will be alumni of this high-status training establishment. With its pristine beauty and acclaimed vision of developing patriotic, competent and professional civil servants, the institution is promoting a culture of continuous learning to foster a knowledge-based civil service in Bangladesh. I feel myself fortunate to join 79th Senior Staff Course in this institution with an insightful motto of "Service first".

Being a uniformed personal, this is a unique opportunity for me to undergo this professional training outside military environment. On the first day I felt little aloof finding all new faces in a different environment. But soon it faded away as we were introduced with each other followed by an esteemed opening address from respected Rector. I felt extended care and share from all my 28 other fellow members of the course being the junior most by age.

BPATC is a center of excellence. By now it has established partnership with reputed institutions of both home and abroad. With a rich, dynamic and competent academic mentors, staffs along with prominent laurels of the country a soothing learning environment enshrined all around BPATC. It's well thought-out value added subjects are skill multiplier and rightly chosen to tap the immense potentials of course members who all will be playing vital role in decision making body of the public administration of this country.

This course was an excellent platform for me to mingle with the brightest officers of civil service from different platforms. Exchange of mutual views, discussion, experience sharing were all instrumental to understand each other. Vibrant perception and varied outlook of course members demonstrates our strength in rich diversification. Blending together our fraternity, thoughts, ideas and above all mutual cooperation we can thwart any threat be it from within or outside. Harnessing our strength together we can achieve our goal despite any situation.

At the end I would like to mention an old African adage, "If you want to go fast-go alone, if you want to go far-go together". We want to go far and remain steadfast in our decision to uphold the national interest together. Mutual respect and cooperation is the basic ingredients of this cohesion. We want to remain together as we all know, "United we stand, divided we fall". Senior staff course at BPATC has given me the opportunity to strengthen this bondage and reaffirm our commitment to each other.

Public Administration: People's ethos, techno-flow, mega shapers and Pico-Nano Management clichés !!!

Kazi Enamul Hassan

OSD (Joint Secretary)

Ministry of Public Administration

A big concern that evolves in public administration is to cope with challenges and harnessing opportunities. Challenges demand restructuring, change in leadership styles and governments outlook which invoke shift to citizen focus, innovation, strategic and governance through performance measurement variables etc. And that is an impetus against persistent crisis as every opportunity move come with further innovative windows opened with million multiplied hopes and despair.

Within the challenges, leadership maze routers and then, question of sustainability and efficiency clicks to means of reshaping bureaucracy. And even more interestingly, bureaucracy itself being forced down to get out of it; and naturally steps out to tackle blitz in local, sometimes hyper-local demands or rather to say hypes that constantly take place and lead to different shapes against the backdrop of technological hypes which influence lifestyle and social dynamics. And so, here jumps in transformational leadership to trade of with elements of individualized considerations, mega mind stimulants and appealing vision and mission statements.

The outcome under that persuasive situation may vary and lead to either direction: positive or negative or even transformative if you scale them against the baseline concept of relativity factor! From that point of view, society started to visualize the discipline of public administration (with its natural and historical context) embedded with political science and leaning to social science. Interesting, isn't!!! Ethics, procedural framework and with boundary (limitations!) porosity, contextual service delivery pattern then shifts to harbor in beyond the box thinking, citizen-centric on time doorstep delivery system and e-processed channels : a totally topsy-turvy type restructuring where, in fact, the bureaucrats find difficulties to cope with, and subsequently get confused. And from this point, outsourcing in the public sector gets momentum; and the perception and understanding of today's key trends toward task management more in shape of public-private collaboration with hands-on innovation and citizen's choice.

As a result, a new domain have started to prevail where people precipitate themselves more as consumers: individualized and diverse, complex and demanding, growing and shifting even sometimes with contradictory expectations ! And naturally any government is then bound to act, especially when the ethos like governments are there to better understand the needs of citizens and community at large. As a consequence of that, we often see governments, around the globe, are more prone to transitioning from service providers to predominantly commission, facilitate or even brokering services. And there, public servants sometime get more confused, perplexed, stuck and in complete dismay or cacophony. Anyway, nothing wrong in it, and also nothing happening as all on a sudden syndrome, rather the world has been experiencing this since the journey of ruling and predominance! Maybe, it is a natural phenomenon that a shape takes over another shape and this been happening over and over without exception. As such, it is then largely depending on how someone perceives it. But it is an admissible fact that the rapid evolution of information and communication technologies (ICTs) has further compounded the challenges and at the same time, windowing more opportunities too for governments all over the world. Now-a-day, more and more citizens are turning to electronic communities even, a new hiccup! Well, someone might argue on this but it is better to have an understanding on the multidimensional and interdependent nature of citizens-centric governance systems success and failures. And that could possibly help someone from being obsessed with fear and insecurity.
